Dear Parent / Carer

On Monday Year 4 had a meeting to explain about the Year 4 multiplication check that is statutory and how parents can help, unfortunately attendance was not high.

<u>Multiplication Parents Meeting (March)</u>		
<u>Class</u>	<u>Number attended</u>	<u>Percentage</u>
Year 3/4	5/15	33%
Year 4	12/30	40%

If you did miss this meeting, below is a link explaining this check;

The following website can be used for your child to practice the test style questions and speed

<https://www.timestables.co.uk/multiplication-tables-check/>

Although there is no pass mark, the national average score was 20/25 and full marks was achieved by 27.5% in 2024

Other year groups can also use this site for times tables practice.
This week's diamond dash activity is below;

Sensory Games

Writing out times tables in **sand** or **rice**, building times tables groups from **playdough**.

Year 3 and Year 4 have been planting up our raised beds and the wildlife area over the last two weeks. I am sure you agree that they look good and are already enhancing the space. Please avoid sitting on the planters and squashing the new plants, I know it is very tempting to perch. The last stage to complete with our RHS grant is the reading garden where we are aiming to turn the muddy patch into a green space with a relaxed feel for reading in once established, that also encourages insects and other wildlife.

We would politely like to remind parents that dinner money needs to be paid promptly each week to avoid any substantial debt. If you need any help sorting out your parent pay account please come in and speak to the office.

Have a good weekend
